Dear Sir

In Kinnaur Valley the **Choskhorling Boudh Seva Sang** is premier center for learning Buddhist philosophy, meditation, Tibetan language and Buddhist ritual-practices. Scholars from our center go far and near villages to teach the above subjects to the villagers. The outcome is prominent in the society that more and more people are taking great interest in learning and practicing meditation etc. Occasionally, our center conducts seminars, workshops and social gatherings to raise awareness on various social issues, environment and health care.

This year we are very fortunate that your esteemed University has organized a number of workshops between 16th to 28th June, 2016 in lower and upper Kinnaur, on the theme: "Contribution of Himalayan Buddhist Culture in the Development of Nation". The workshops have covered many villages like, Nichar, Yangpa, Sangla, Kalpa Janngi and Chango etc. People from all ages thronged to the workshops with huge enthusiasm and passion. The attendees are of great appreciation to the scholars from your University, who delivered lectures on various topics with pith knowledge. Time and again, we were requested by the local village people, Mahila Mandal committees and other local welfare committees that we should request your University to organize such workshops in Kinnaur again.

We appreciate your kind consideration to organize such workshops in Kinnaur and make our people aware of their unique culture and social values. If possible, please keep us in your consideration to organize these workshops in Kinnaur, so that our people have opportunity to gain knowledge from your scholars.

With immense admiration and gratitude.

Thanking you.

Dear Sir,

It is of great pleasure to have your scholars here in Kinnaur, conducting a number of workshops to the local people. In their chain of workshops, they conducted one workshop at our area Kalpa and I believed that it has tremendously benefited to the people. The workshop was on the theme, "Buddhism in Himalayas and its Contribution in Building the Nation". The lectures were highly appreciated by all, especially the younger generations. We acknowledged the hard work and dedication of your scholars to educate and raise awareness towards the importance of preserving culture and language. I hope, in future also, you will continue this noble work and conduct workshops in Himalayas, especially in Kinnaur.
