

Our tribute to Mata Ji Dr.(Mrs.) Kapila Vatsyayan: (1928-2020)

The Mata Ji, Dr. (Mrs.) Kapila Vatsyayan, has left deep foot prints wherever she worked. Her efforts and dynamic approach with her profound scholarship and wisdom with respect to Indian culture, particularly, to dance, music, arts have projected them powerfully on the International Platforms. She always used to say that culture is not confined to the visual and sensorial domain, rather it is deeply rooted to mental domain and spirituality from where it manifests at various levels. She was a renowned scholar, academician, administrator and a visionary leader. Her significant contributions made to the revival and advancement of Indian Culture will always be remembered.

Dr.(Mrs.) Kapila Vatsyayan's association with this Institute goes back to several decades. She has been a significant person behind the establishment and development of this Institute in terms of infrastructure, education system, programmes and development of administrative structure. She continued to give guidance and support to the Institute even after she left the responsibility of the Ministry of Culture, Government of India. With her loving nature, affection and compassion, she was known as MATA JI among the staff and students of the Institute. Her demise is an irrecoverable loss for the humanity. We pray to Triple Gem for the peaceful journey of consciousness of our MATA JI.

Vice-Chancellor and the entire family members of the Institute
